FEEL ROOTS.
SEE HISTORY.

EMBRACE YOUR ROOTS

Heritage weaves our past and future evoking the delicate shapes of our landscapes, the richness of our roots and the muted tones of our Flemish countryside.

What does it mean to truly immerse yourself in the essence of Flemish beauty? For us, it means Heritage - a concept of carpet tiles that captures the rich history and diverse landscapes of Flanders. From the shifting coastline to the fertile polders, Heritage embodies the very essence of our homeland. Each of the five tactile designs - Cobbles, Haze, Dune, Meadow, and Polder - invites you to reflect on your roots and identity, while contributing to a legacy that will endure for generations. With Heritage, you can infuse your space with the spirit of Flanders, creating a powerful and lasting connection to the beauty of our past, present, and future.

CONNECT WITH HISTORY

NOSTALGIA MADE MODERN

RUBEN DE REU

Ruben, Product director at modulyss

“ To me, heritage isn’t just a cultural tradition passed down through generations. It’s about going back to our roots, reconnecting with the earth, and reminiscing about timeless memories that bring a sense of comfort and familiarity.

That’s why I drew inspiration from the rich history of the Flemish textile industry, the stunning landscapes of my youth, and the talented Belgian artists who have influenced me over the years. The result is Heritage, a concept that weaves together past and future, creating an aesthetic that reflects the delicate shapes, textures, and muted colours found in the Flemish countryside. ”

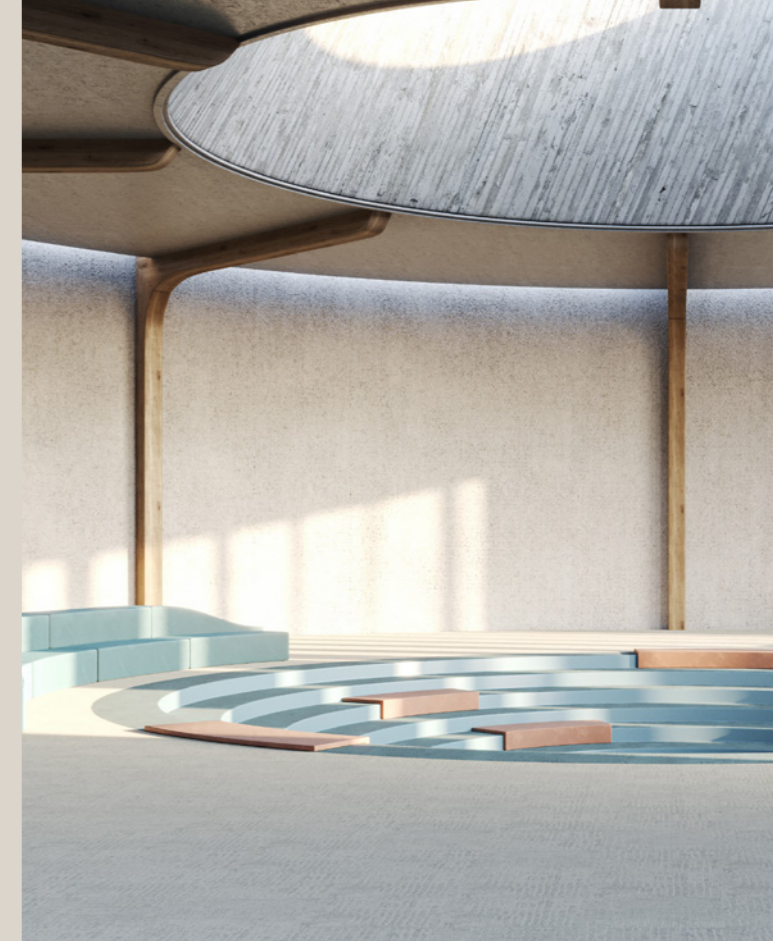

DISCOVER THE RHYTHM OF FLANDERS

We wanted to create a reflection of the rich history and diverse landscapes of Flanders. Each of the five tactile designs - Cobbles, Haze, Dune, Meadow, and Polder - is inspired by iconic images that have long been an integral part of our heritage.

PATTERNS OF LANDSCAPES

With its speckled design and intricate patterns, Cobbles evokes the enduring spirit of Flanders' cobblestone roads. Haze, available in six natural and muted colours, captures the mysterious beauty of misty mornings along the Lys river. Dune's delicate shades and textures evoke the ever-changing sands of the Belgian coastline. Meadow's gentle hues and organic design reflect the sweeping grasslands that define so many rural regions. And Polder's repetitive linear patterns and striking textures celebrate the resilience and ingenuity of the Flemish landscape.

COLOURS

All designs are in natural and muted colours, but you can mix and match to create a cohesive and beautiful space that reflects the essence of Flanders.

LIGHT AND SOUND

The Heritage collection's light reflectance values (LRV) range from 3 to 31, providing a variety of options to suit your space's needs. Additionally, the collection offers excellent sound absorption. Choosing the optional backing comfortBack^{eco} will provide the highest sound absorption value. With these technical specifications, the Heritage collection provides both aesthetic and practical benefits for your space.

BACK TO THE ROOTS HERITAGE BA

HERITAGE FOR GENERATIONS

Meadow, Dune and Polder are a testament to our commitment to sustainability. We believe that beautiful design should never come at the expense of the planet, which is why each product in the Heritage range is crafted with the utmost care for the environment.

Our Dune, Meadow, and Polder designs feature Econyl® yarn made from 100% regenerated materials, while Cobbles is made from polyamiden with 40% recycled content. Haze, on the other hand, is crafted from virgin polyamide.

All Heritage tiles are backed with ecoBack, including a minimum of 70% post-industrial recycled material, except for Cobbles and Haze which use back2back with a minimum of 75% post-industrial recycled content. This ensures that our products have a lower environmental impact, while also reducing waste.

Our commitment to sustainability has earned us Cradle to Cradle certifications for the collections Dune, Meadow and Polder at the Gold or Silver level, depending on the colour.

Discover the technical details and sustainability credentials of the Heritage collection group, showcasing our commitment to quality and responsible manufacturing.

FEEL ROOTS. SEE HISTORY

HERITAGE

FE

Heritage is an ode to the beauty of our past, present, and future. By blending our Flemish heritage with the latest sustainable technologies, we've created a range of products that not only look stunning but also help you create a space that inspires you. Each collection is designed to evoke a sense of rootedness, to bring you closer to the earth, and to remind you of the timeless beauty of the world around us. And with our certifications, you can rest easy knowing that you're not just creating a beautiful space but also contributing to a more sustainable future. Join us in celebrating the essence of Flanders, and let Heritage be the cornerstone of your design vision.
