Sarah K

Sarah K is an internationally renowned designer and design curator with more than 20 years' experience putting together exhibitions and projects by Australian designers to showcase new directions in design either at design events in Milan, London, Sydney, Melbourne and Tokyo.

In 2011 she created supercyclers to focus on envelope-pushing ideas around sustainability. She runs her own design practice, Blakebrough+King (b+k) designing and producing furniture, objects interiors and events from the Southern Highlands of NSW.

Bold graphic lines in contemporary colours define this range of rugs designed by Sarah K, created using the iconic treford Rug brand.

Playing off the idea that our living and working environments are in a constant state of movement, we can have more fun with flooring - just as we do with other objects of design.
